Embroidery Drop-In – Blackwork & Cross Stitch

Tutor: Frances Burden

Current Classes

Thursday afternoon from 1.00pm to 3.30pm

Introduction and Course Content :

This course is designed to run both as a Drop-In as well as a full-term class. Come, relax and immerse yourself in the simplicity of the stitch and complexity of your chosen design to take your mind off everyday chores. Bring a friend or make new ones in this easy-going weekly Embroidery session where chatter and silence effortlessly intermingle.

Blackwork and Cross Stitch are two of the best Embroidery stitch techniques to learn or refresh - though simple enough, they are endlessly adaptable and varied and can be used to create beautiful pieces of Textile Art.

Touching at the history of Blackwork from its origins in Islamic and Moorish patterns, to the Tudor and Elizabethan styles incorporating flowers and plants, we shall then trace the history of Cross Stitch samplers as seen in the collection of the Victoria

and Albert Museum as well as contemporary artists who use hand stitching techniques in their work.

After learning these two techniques, you will then design and stitch your own sampler using the following to produce your finished piece:

- Alphabet
- Adding colour to design
- Filler patterns
- Borders
- Design sampler

Most materials, including worksheets, embroidery canvas needles and haberdashery items will be provided for the course but please bring along your own notebook, pens and pencils.

Entry Requirements:

This course is suitable for adult learners (18+) with basic hand stitch experience. Beginners are also welcome.

Duration:

11 weeks

Location:

All Sewn Up, Unit 1, The Coop Centre, 11 Mowll Street, London SW9 6BG. Tel: 020 7840 0216 Email: admin@lmhs.org.uk

Hat-Making: Introduction to Cut & Sew Millinery

Tutor: Carla Rose

Current Classes

Friday afternoon from 1.00pm to 3.30pm

Introduction and Course Content

Make trendy Baker Boy, Military-Style or Baseball Caps to complement your own fashion style in this inspiring sewing class.

Students will learn the basics of Hat-Making pattern cutting and sewing machine construction techniques in order to make their own basic peaked cap, fitted to size, from flat pattern to finished piece.

Students will learn to:

- Draw out millinery patterns to fit own head size
- Create two different styles of crown; Tip & Sideband & Section Crown, from paper patterns to 3D toiles
- Adapt patterns in order to personalise your design
- Design different shaped peaks
- A variety of seam finishes
- Use a range of Millinery construction & finishing techniques to take home beautiful hats

Students will learn how to use fusible interfacing fabrics to give a hat structure and look at various peak inserts to achieve different effects/styles.

Demonstrations will be given for all construction techniques and students will create a portfolio of their own samples for future reference, before moving on to make the finished piece.

Technical tips and advice will be given in relation to how to handle different fabric weights and whether special equipment will need to be used.

All students will be supported in the making of the hat, learning any relevant new skills as required, under the supervision and assistance of our qualified Millinery tutor.

Entry Requirements:

This course is aimed at adult (18+) learners who have previous experience of using a sewing machine or can use a machine with some confidence. Basic hand sewing capabilities useful but not essential.
